Product Information Sheet

Post-it® Super Sticky Notes

General Description

The ideal solution for when the info really needs to stick

Post-it® Super Sticky Notes have 2x the sticking power of Original Post-it® Notes. They are super strong, super versatile and perfect for vertical surfaces. They are PEFC certified, coated on the back side with 3M's unique Super Sticky repositionable adhesive. Available in a large variety of sizes, they are designed to stick wherever desired and easily lift cleanly off of most surfaces

*These are average values. 3M does not guarantee every product will have these specific test values. Actual values may vary and may be greater than or less than the averages listed.

Key Features

- Self stick notes. Notes are removable and repositionable
- Post-it® Super Sticky Notes have 2x the sticking power of Original Post-it® Notes, yet remove cleanly
- Made with Plant-Based Adhesive that is 67% plant-based material by weight
- Paper is made with trees from sustainably managed forests
- Notes are Recyclable: you can recycle these Post-it® Super Sticky Notes so they'll be turned into something new
- **NOTICE:** Adhesive may mark some surfaces or lift inks. Colors may bleed when wet. It may not be suitable for use on delicate paper or surfaces. Cleaning and conditioning products may affect adhesion. Test before using.

Feature (has)	Advantage (which means)	Benefit (so that)
Multi-pack format	Ability to share pads within an office	Saves money. Increases collaboration among coworkers.
Assortment of colors	Pleasing colors in the office	Specific points / messages can be highlighted
Numerous size options	Correct size to meet user's needs.	Increases productivity
	Saves paper - use only the size/amount of paper needed to effectively communicate or capture info	Responsible consumption
Repositionable Adhesive	Convenient. Easy to make copies of document without removing staples. Allows you to make comments without damaging the original.	Saves time
	Notes do not hide/cover-up important information	Increases productivity
	Removable, reusable	Easy to use
	Can be applied to a variety of surfaces without damaging them	Reduces worry

Feature (has)	Advantage (which means)	Benefit (so that)
Only for notes sold in cardboard packs	No individual plastic wrapping of the pads. The primary packaging fulfils dispenser function	Usage of cardboard pack as storage solution. Reducing impact on the environment by reducing waste
Only for notes with printed lines or squares	Allow for well-spaced, neat writing	Improve communication with a well written note.
ENVIRONMENTAL CHARACTERISTICS		
Using papers made from 100% PEFC certified pulp sources	This certification helps contribute to the protection of the environment, namely does not impact the old growth forest by using well managed planted woods	Post-it® Super Sticky Notes fulfill customers' environmental expectations by our long history of continuous environmental improvements to minimize the impact of our manufacturing processes and products on the global environment
Post-it® Super Sticky Notes are coated with 3M's unique repositionable renewable resource adhesive.	The plant material used to make the adhesive is from a non-food plant that grows annually	Using plant material in the adhesive reduces our use of petroleum
Post-It® Super Sticky Notes manufactured in an ISO14001 certified factory with on-going pollution prevention actions and programs	In-process and ultimate paper wastes collected and managed through dedicated waste stream recycling	Manufacturing paper waste shipped to a waste paper collecting company for further recycling
	3M has a strong environmental management system in place according to ISO 14001 standards and regularly checked by notified body since 1996	Pollution risk occurrences minimized at all stages of the manufacturing process as required by ISO14001 principles and practices.
Post-It® Super Sticky Notes can be recycled	Notes can be treated like any other office waste paper (please refer to your local waste management and sorting instructions.)	Notes can be disposed in paper office waste bins, therefore go through the normal paper recycling waste stream

Applications

Post-it® products are designed for indoor use. Post-it® products can be used in cold conditions to sub-zero temperatures, if applied at room temperature. They can be used in conditions as high as 48°C, but may fail in high shear applications at elevated temperatures.

Caution: Cleaning and conditioning products may affect adhesion Colors may bleed when wet Test before using

Certifications

Post-it® Super Sticky Notes are PEFC Certified

3M multi-sites PEFC Chain of Custody certification number for EMEA is **100% PEFC CH18/0914**, whilst the logo license number used on-pack is **PEFC-15-31-0134**

(previously 10-31-1996 for finished goods manufactured or converted in Europe / 29-31-22 for finished goods coming from our USA factory)

Shelf life

The minimum shelf life of Post-it® Super Sticky Notes sold by 3M Office Supplies Division is two years from the date of manufacture.

To guarantee Shelf life, it is recommended that all Post-it® Super Sticky Notes be stored at optimum conditions (40-60% relative humidity and 15°C-26°C) when warehoused or on retail shelves.

MADE IN Information

Due to weight of paper in the product, all Post-it® Notes carry the mention “Made in USA with globally sourced materials”, even when converted in Europe.

Information for Circular Economy

Post-it® Super Sticky Notes are Recyclable.

In any case, please refer to your local waste management and sorting instructions
